

Airline Padlock

PREVENTION. PROTECTION. PEACE OF MIND.

indicative seal

Cost-effective, User-friendly plastic padlock seal

- 1 Easy to apply and remove by hand.
- 2 Fits on most applications because of its slim size. However, the seal remains quite strong because of the Acetal locking insert.
- 3 Permanent laser marking of sequential numbering, logo or other customized marking for high security and easy identification.
- 4 Unique release tab facility for quick removal without tools.

Specifications

Product	Material	Locking Length	Strap Dimensions	Pull Strength	Marking Area	Marking Digits

1,000	280 x 280 x 250	3.25	0.01960	white, red, yellow, green, orange and blue		

Slim, flat, easy-to-use

The Airline Padlock seal is especially popular in the airline industry, food catering and the communication industry. Its ease of use makes it time and cost effective.

The plastic seal is very slim, which makes it suitable for applications like cash boxes, airline food, Sales trolley, carts etc. The seal sits flat when locked and is therefore ideal for applications that are stowed away or might be handled roughly. The Airline Padlock has a sizeable space for laser-etched customisation.

Be assured of better security with our innovative use of materials and industrial design.
