

Cable Breakaway

PREVENTION. PROTECTION. PEACE OF MIND.

high-security seal

Cost effective Barrier & Semi Barrier cable seals

- 1 The Cable Breakaway Seal is a high quality low-cost cable seal.
- 2 The exterior has been designed with a rib pattern, which protects the marking during rough handling.
- 3 The Cable Breakaway Seals are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 4 The Cable Breakaway seals are highly suited to securing valuables for longer periods of time because of its simple yet very efficient locking.
- 5 The Cable Breakaway seals are all anodised in solid colours which accommodate customised laser marking. Anodising also makes colour coding possible and eases identification from a distance.
- 6 One end of the cable is permanently secured into the locking body.

Application

The Cable Breakaway seal is secured by turning the provided shear bolt until it securely locks the wire in place. The shaft of the shear bolt breaks when it has tightened the wire completely – and the seal can only be opened with a cable cutter.

The Cable Breakaway seals are highly cost effective compared to other cable seals made from premium quality materials.

Be assured of better security with our innovative use of materials and industrial design.
