

Container Bolt Lock

PREVENTION. PROTECTION. PEACE OF MIND.

high-security seal

High security container bolt lock

- 1 The metallic pin and bush of the Container Bolt Lock is made of high-carbon steel which gives better strength and added security.
- 2 The metallic pin comes with an option of an angled or a straight pin.
- 3 The barrel is made from high impact ABS which is moulded on to the high-carbon steel bush.
- 4 The Container Bolt Lock are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 5 Standard markings include serial number and customer name/logo. A variation of bar codes can also be marked with laser technology.

Specifications

Product	Material	Pin Length	Bolt Diameter	Marking Area	Marking Digits
Container Bolt Lock	High-carbon steel pin & bush	72 mm	8 mm	Barrel: 25mmL x 13mmH	9
	Carton Quantity	Dimensions mm	Weight kg/carton	Volume m³/carton	Standard colours
	200 pcs	300 x 260 x 160	12	0.01248	BL,GN,RD,YL, WH

Beneath the ABS Housing

The Container Bolt Lock locking mechanism (the clip), is embedded in a groove in the metal bush, making the seals stronger and more difficult to tamper.

Typical applications of the Container Bolt Lock include shipping and intermodal containers. The Container Bolt Lock is also widely used for ground transportation.

Be assured of better security with our innovative use of materials and industrial design.
