

Dragon Seal

PREVENTION. PROTECTION. PEACE OF MIND.

indicative seal

Strong indicative security seal with metal locking device

- 1 The Dragon Seal are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 2 The large flap area allows ample space for added information and ease of identification.
- 3 The Dragon Seal has a unique stainless steel locking plate that strengthens the locking chamber and is highly tamper evident.
- 4 The Dragon Seal has an option of a tear off (TO) and a non-tear off (NT) version. The tear off mechanism enables the seal to be removed easily by the user.
- 5 The Dragon Seal is a long, strong and durable seal designed specifically to secure bags and sacks, with embedded spikes to provide a better strapping grip.

High Security Bag Seal

The Dragon Seal is one of the most practical bag seal for high-security applications with its unique, easy-to-apply metal locking device, large flap area and an option of a tear off mechanism.

Typical applications include any kind of sack or bags designed for high-value transportation. Widely used for airline cargo, bank and postal services roll-cages, clinical waste management, courier services, cash-in-transit, warehouses, tote-boxes and other applications requiring a high pull strength.

Be assured of better security with our innovative use of materials and industrial design.
