

Fast Seal SP

PREVENTION. PROTECTION. PEACE OF MIND.

indicative seal

Versatile seal with metal locking

- 1 The Fast Seals SP are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
 - 2 Heat staking technology is used to permanently fix the cap to the Fast Seal SP. Heat staking is too strong to be cut or forced open without leaving clear evidence of tampering.
 - 3 Metal clip locking provides greater pull strength to the thin and flexible strap.
 - 4 Durable Nylon or PP securing strap gives the user a choice of strength to match different applications.
 - 5 Colour coding is made possible by using combinations of white-based seals and multi-coloured caps, providing great locking strength and security.
 - 6 A floating metal clip is securely shielded by a cap, providing great locking strength and security.
- The Fast Seals SP are supplied in mats of ten for ease of handling and control.

Specifications

Product	Material	Locking Length	Strap Diameter	Pull Strength	Marking Area	Marking Digits
Fast seal 5" / 8"	Polypropylene Nylon HI	135mm / 205mm / 305mm	ø 2.35 mm	25kg 33kg	Flap: 40 x 14 mm	Max 18

INNER CARTON				OUTER CARTON			
Quantity	Dimensions mm	Weight kg/carton	Volume m ³ /carton	Quantity	Dimensions mm	Weight kg/carton	Volume m ³ /carton
Fast seal 5"	279 x 214 x 160	3.06	0.00955	5,000	815 x 282 x 225	15.30	0.05226
Fast seal 8"	354 x 214 x 156	3.50	0.01182	5,000	800 x 360 x 225	17.50	0.06480
Fast seal 12"	450 x 210 x 215	3.80	0.02032	5,000	1070 x 458 x 225	19.00	0.11026

Standard colours yellow, blue, white, red & green
Base colour for colour coding is white with caps in the above colours.

The PP / Nylon Difference

The Fast Seal SP is a relatively strong seal despite its small dimensions. This is partly due to the metal locking mechanism, which secures the seal.

The Fast Seals SP are available in either Polypropylene (PP) or Nylon. The characteristics of Nylon material is stronger and a better pull strength the PP material.

The Fast Seals SP are easy to use for all applications with small sealing facilities e.g. cassettes for ATM machines and money boxes on which the Fast Seals SP are widely utilised.

Be assured of better security with our innovative use of materials and industrial design.
