

# SPCBS Cash Bag

PREVENTION. PROTECTION. PEACE OF MIND.

## indicative seal

### All Purpose Indicative Security Seal With Metal Locking

- 1 The SPCBS Cash Bag seals are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
  - 2 Heat staking technology is used to fasten caps to the seals. Heat staking is permanent and cannot be cut or forced open without leaving clear evidence of tampering.
  - 3 Metal clip locking provides better locking and greater pull strength to the long, thick strap.
  - 4 The spikes on the back of the strap provide a better grip on bags and other slippery materials.
  - 5 Double sided locking teeth in the middle of the strap provide greater security.
- Colour coding is made available through combinations of multi-coloured seals and transparent cap.
  - The SPCBS Cash Bag Seal is supplied in mats of ten.

## Specifications

Product	Material	Locking Length	Strap Dimensions	Pull Strength	Marking Area	Marking Digits
- SP CBS -Tear Off (SPCBS_TO)	Polypropylene / (Stainless Steel metal pin)	240 mm	6 mm	25 kg	Flap: 21 x 50 mm	Max 14
- SP CBS- Label Tag (SPCBS_LT)

	Carton Quantity	Dimensions mm	Weight kg/carton	Volume m <sup>3</sup> /carton	Standard colours	
	1,000	450 x 250 x 275	4.96	0.03094	yellow, blue, white, red & green (White barcode)	

## Universal Bag Seal

The SP Cash Bag seal can be used in many applications besides the transportation of cash. Bags of most kinds can be sealed by the SP Cash Bag seal.

Standard markings: serial number, customer name/logo. Bar codes can also be marked with laser technology.

Typical applications: Sacks or bags designed for high value transportation. This seal is widely used by banks, airline cargo, postal services, clinical waste management, courier services, cash in transit services.

Be assured of better security with our innovative use of materials and industrial design.
