

# Uni Seal

PREVENTION. PROTECTION. PEACE OF MIND.

## indicative seal

### Unique Tamper Evident Seal for Cash Boxes and Drums

- 1 The Uni Seal features a clear "Inspection Window" on the head of the seal that makes the locking mechanism easily accessible for visual inspection of tampering or manipulation.
- 2 The Uni Seal has a double locking mechanism for added security.
- 3 The locking mechanism is made of the flexible PP material and the body is moulded from high impact ABS material.
- 4 The Inspection Window is ultrasonically welded onto the seal, so it cannot be removed without showing very clear evidence of tampering.
- 5 The Uni Seal is etched with permanent laser marking on both parts, which prevents part replacement.

### Specifications

Product	Material	Locking Length	Strap Dimensions	Pull Strength	Marking Area	Marking Digits

1,000	334 x 292 x 200	3.86	5,000	1030 x 285 x 325	19.3	0.09540

### Description

The Uni Seal has been designed specially to secure the contents of cash boxes and drums. The seal sits tightly when applied and is therefore very useful for applications like coin boxes that fit into a public phone.

Be assured of better security with our innovative use of materials and industrial design.
