# Cable Plus III

## Affordable Cable Barrier & Cost-effective cable seal

The Cable Plus III seals are very user-friendly and highly tamper evident. This seal can be applied to secure various applications for a range of security requirements.

The seals are secured as soon as the wire is clicked into place with the locking mechanism.

Cable Plus III seals are widely used on trucks, tanker trucks, air cargo containers, shipping containers, rail cars, calibrators and valves.

### Features

- 1** Molded with a high-impact ABS body and a galvanized steel wire cable. The high-resilient ABS material does not break easily and is highly tamper-evident.
- 2** One end of the cable is permanently secured into the locking body. The other end is fastened with a click lock mechanism that provides quick and easy sealing.
- 3** The Cable Plus III seal is etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.

### Technical Specifications

#### PRODUCT

Product Code	Material	Locking Space	Strap Dimensions	Tensile Strength	Marking Area	Max Marking Digits
CBPIII 200	<b>Body:</b> High-impact ABS <b>Cap:</b> High-impact ABS <b>Cable:</b> Galvanized steel wire	200 mm	∅ 2.0	200 kg	10.0 x 20.0 mm	8

#### INNER CARTON

Product Code	Quantity	Dimensions mm	Weight kg/carton	Volume m <sup>3</sup> /carton	Standard Colours
CBPIII 200	1,000 pcs	300 x 270 x 160 mm	4.7 kg	0.01296 m <sup>3</sup>
