

TRI-COLOUR TAPE

Tri-Colour Tape with Serial Number

Tri-Colour Tape - Continuous Roll

Latest Innovation in Tamper Evident Tapes

The Tri-Colour Tamper Evident Security Tape is the latest and most unique Security Tape in the market. Currently exclusively available from Mega Fortris Australia, the Tri-Colour tape comes in 2 variants: 150mm Perforation with Serial Number and as a Continuous Roll.

The Tri-Colour tape is made of high quality adhesives which makes it suitable for almost all application surfaces. The Tri-Colour tape is easy to apply and remove, are extremely tamper evident and are widely used to detect unauthorised activities.

In addition to the hidden "Mega Void" message, the Tri-Colour tape separates into 2 distinct colours when triggered. It is impossible to lay the liner back onto the tape in efforts to return the tape to its original appearance. This feature is what makes the Tri-Colour tape so secure!

The Tri-Colour tape measures 45mm in width and each roll is 66 meters long. We recommend room temperature storage and a humidity controlled environment.

Features

- 1 The Tri-Colour tape is self-adhesive and bonds with the surface in seconds.
- 2 Total Transfer technology which leaves a pink tamper evident message on the surface.
- 3 "Mega Void" message which is unique to Mega Fortris group of companies.
- 4 Serial Numbered with perforation to allow for optional use as a tamper evident label.

Technical Specifications

PRODUCT

The Tri-Colour tape is heat and freeze resistant, resistant to freon gas and heat attack. Any attempt to remove the tape using a heating source or freon gas will be futile as the tamper evident message still triggers when peeled.

Typical applications include sensitive documents and security envelopes, cartons and boxes, IT equipment, evidence bags, first aid boxes, utility meters and timers, cash boxes / ATMs, glass and

plastic containers, military equipment, ballot boxes, canisters and drums, food and beverage containers.
